

FIELD ASSURANCE MAINTENANCE PLAN

- You have completed your *Certified Installation*. The foundation of your infield is solid, having been modified with **DuraEdge® Engineered Soils**
- Maintaining* the premium performance of your *safe and playable infield* is your current challenge.
- Your *Certified Installation* qualifies you for the easiest and most cost-effective decision you can make relative to your playing surface.
- Eliminate the stress* - you play the game and let **DuraEdge** worry about the maintenance - with **Field Assurance**.

Field Assurance is an exclusive and innovative program designed to budget your maintenance costs to keep your infields performing at the highest level. Field Assurance keeps your bases covered, allowing you to play more games, play safer games, and have less maintenance!

SIMPLE

Your sole responsibility is the routine maintenance of your field, leaving all heavy maintenance and product delivery to the professionals at DuraEdge

CONSISTENT

Enjoy the benefits of a DuraEdge Certified Installation indefinitely while protecting your infield from the effects of deterioration over time

ADAPTABLE

We set a schedule that works for you and, while we are certain you will see the benefits of the Field Assurance Program, you can walk away from the program at your leisure without pressure or penalty

COST
EFFECTIVE

We provide a level budget for the delivery of material and the performance of heavy maintenance on a consistent schedule
