

Typical Infield Skin Issues:

- Firm & fast in hot summer months
- Wet & sticky in rainy months

The ProSlide Solution:

- Consistent gradation creates a smooth sliding surface
- Less absorbent to help infield skin retain moisture
- Durability of expanded shale product resists particle breakdown
- Color-fast nature provides excellent contrast for tracking ball movement

Use as a stand-alone topdressing or combine with traditional calcined clay products for greatest infield playability.

ProSlide Topdressing is Available in:

Gradations & Colors:

- 6x30 Professional Red
- 6x30 Professional Brown

Delivery Options:

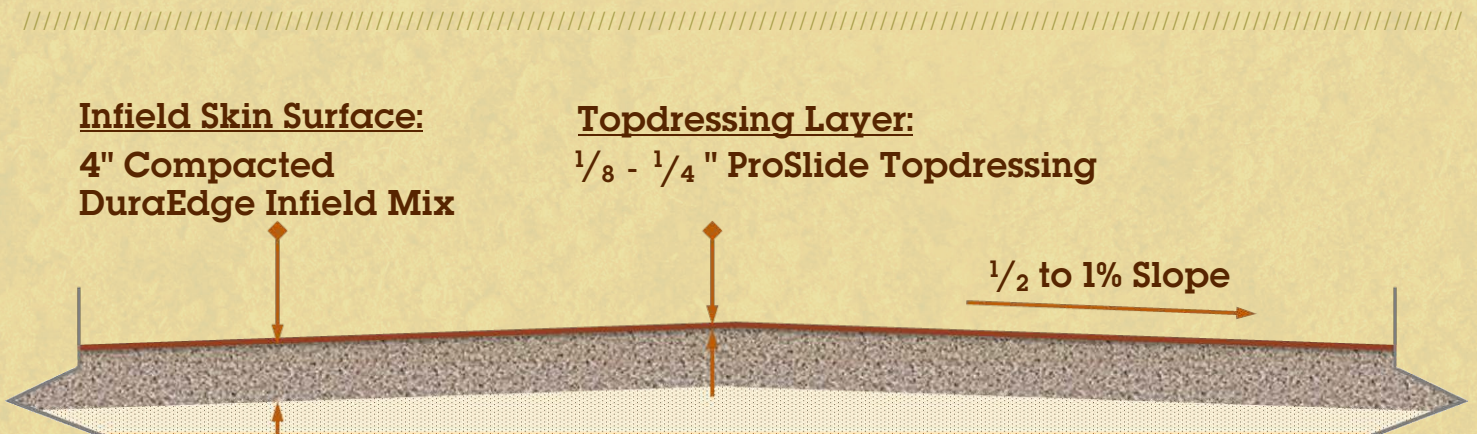

- Bulk
- 50 lb. Bags
- One Ton (2000 lb.) Super Sacks

ProSlide® Expanded Shale Engineered Topdressing

ProSlide® Engineered Topdressing is a professional grade expanded shale topdressing. The true 6x30 particle size creates a smooth sliding surface and ensures more predictable bounces during play.
