

DURA-EDGE

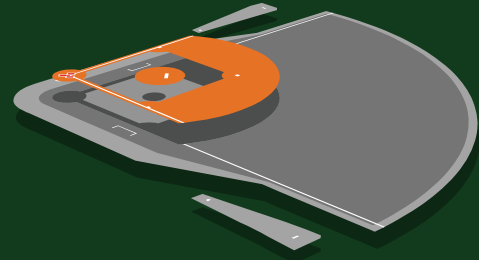

PRO-SLIDE

ENGINEERED CONDITIONER

Play Ball![®]

Typical Calcined Clay Issues:

- Migration and buildup
- Breakdown
- High application rate

The ProSlide Play Ball! Solution:

- Superior durability results equates to less degradation
- Premium appearance at an economical rate
- Less breakdown results in longer lasting product and reduced contamination

Use as a stand-alone conditioner or combine with ProSlide expanded shale topdressing for greatest infield playability and predictable absorption percentages to fit your needs.

Delivery Options:

- 50 lb. Bags
