

Protect your investment.

And keep your field performing at its highest level.

Even when you've done everything right and your infield mix is properly formulated and installed, it will degrade over time if it is not well maintained. Oftentimes that means you'll be facing a costly major renovation again in just a few years.

That's where DuraEdge Field Assurance comes in. Our membership plans ensure proper maintenance to keep your field humming along every season within a predictable, flat-line budget that squashes future unexpected spikes in spending.

There are three levels of Field Assurance with flexible schedules to help you keep up with maintenance, manage your budget and provide you an improved playing surface.

The best fields are backed with Field Assurance.

PREMIUM

Field Maintenance Visits
EVERY YEAR

Includes DuraEdge Infield Mix, topdressings, conditioners and mound clay.

STANDARD

Field Maintenance Visits
EVERY 3 YEARS

Includes DuraEdge Infield Mix, topdressings, conditioners and mound clay.

BASIC

Field Maintenance Visits
EVERY 3 YEARS

Includes DuraEdge Infield Mix.
(Does not include topdressings, conditioners and mound clay.)

Any field with a Certified Installation is eligible for one of these three plans. To be certified, your field must have a 2-inch depth of 100% DuraEdge Infield Mix (full DE renovation or FieldSaver amendment) with positive surface drainage.

Leave the heavy lifting to us. Contact us to join Field Assurance today.
